Bendle Public Schools
Wellness Policy

8453 Student Wellness (Cf. 4450, 4460)

The Bendle Public Schools is committed to creating a healthy school environment that enhances the development of lifelong wellness practices to promote healthy eating and physical activities that support student achievement and hereby adopts this Student Wellness Policy.

Nutrition Education
Every year, all students, Pre-K-12, shall receive nutrition education that is aligned with the Michigan Health Education Content Standards and Benchmarks. Nutrition education that teaches the knowledge, skills and values needed to adopt healthy eating behaviors shall be integrated into the curriculum. Nutrition education information shall be offered throughout the school campus including, but not limited to, school dining areas and classrooms. Staff members who provide nutrition education shall have the appropriate training.

Nutrition Standards
The District shall ensure that reimbursable school meals meet the program requirements and nutrition standards found in federal regulations. The District shall encourage students to make nutritious food choices.

The District shall monitor all food and beverages sold or served to students, including those available outside the federally regulated child nutrition programs.

The District shall consider nutrient density and portion size before permitting food and beverages to be sold or served to students.

The Superintendent shall continually evaluate vending policies and contracts. Vending contracts that do not meet the intent and purpose of this policy shall be modified accordingly or not renewed.

Physical Education and Physical Activity Opportunities
The District shall offer physical education opportunities that include the components of a quality physical education program.

8453 Student Wellness (Cf. 4450, 4460) 8453-2

Physical education shall equip students with the knowledge, skills, and values necessary for lifelong physical activity. Physical education instruction shall be aligned with the Michigan Physical Education Content Standards and Benchmarks.

Every year all students, Pre-K-12, shall have the opportunity to participate regularly in supervised physical activities, either organized or unstructured, intended to maintain physical fitness and to understand the short and long-term benefits of a physically active and healthy lifestyle.

Other School-Based Activities Designed to Promote Student-Wellness
The District may implement other appropriate programs that help create a school environment that conveys consistent wellness messages and is conducive to healthy eating and physical activity.

Implementation and Measurement

The Superintendent shall implement this policy and measure how well it is being managed, and enforced. The Superintendent shall develop and implement administrative rules consistent with this policy. Input from teachers (including specialists in health and physical education), school nurses, parents/guardians, students, representatives of the school food service program, the Board of Education, school
administrators and the public may be considered before implementing such rules. The Superintendent shall report to the Board, as requested, on the District’s programs and efforts to meet the purpose and intent of this policy.

Approved: April 27, 2009

Administrative Rules regarding Bendle Public Schools Student Wellness Policy
In order to enact and enforce Bendle Public Schools Student Wellness Policy, the Superintendent and administrative team, with input from teachers (including specialists in health and physical education), parents/guardians, students, representatives of the school food service program, the school Board, school administrators, and the public, have developed these administrative rules.

To assist in the creation of a healthy school environment, the District shall establish a Coordinated School Health Team that will provide an ongoing review and evaluation of the Bendle Public Schools Student Wellness Policy and these administrative rules.

The Superintendent shall appoint a member of the administrative staff of the District to organize the Coordinated School Health Team and invite appropriate District stakeholders to become members of the Coordinated School Health Team.

Staff shall be reminded that healthy students come in all shapes and sizes. Students should receive consistent messages and support for:
- Self-respect;
- Respect for others;
- Healthy eating; and
- Physical activity.

These rules are subject to ongoing administrative review and modification as necessary to help assure compliance with the purpose and intent of Bendle Public Schools Student Wellness Policy. Any District stakeholder wishing to express a viewpoint, opinion, or complaint regarding these rules should contact:

Nutrition Standards
The District shall offer school meal programs with menus meeting the meal patterns and nutrition standards established by the United States Department of Agriculture (USDA). The District shall encourage students to make food choices based on the most current Dietary Guidelines for Americans. Food and beverages that compete with the District’s policy of promoting a healthy school environment shall be discouraged.

The District shall monitor food service distributors and snack vendors to ensure that they provide predominantly healthy food and beverage choices that comply with this policy’s purpose in all venues.
The District shall discourage using food as a reward.

The District shall encourage serving healthy food at school parties. Notices shall be sent to parents/guardians either separately or as part of a school newsletter, reminding them of the necessity of providing healthy treats for students and/or encouraging the use of non-food treats for classroom birthday or award celebrations.

The District shall encourage healthy fundraisers as alternatives to fundraising that involves selling food items of limited nutritional value, such as candy, cupcakes, or sugary beverages.

Vending sales of soft drinks, artificially sweetened drinks, and candy will not be permitted on school grounds prior to the start of the school day and throughout the instructional day, but may be permitted at special events that begin after the conclusion of the instructional day.

**Physical Education and Physical Activity Opportunities**

Developmentally appropriate physical education shall be offered every year to all students of the District. In addition, physical education topics shall be integrated into the entire curriculum when appropriate.

The District should offer daily opportunities for unstructured physical activity, commonly referred to as recess, for all students Pre-K through grade six. Recess should be in addition to physical education class time and not be a substitute for physical education.

Each school shall provide proper equipment and a safe area designated for supervised recess in the elementary setting. Schools should provide opportunities for some type of physical activity for students in grades seven through twelve apart from physical education class and organized sports.

Physical activity opportunities might include: before and after school extracurricular physical activity programs, 3 Safe Routes to School Programs, and use of school facilities outside of school hours. Other School-Based Activities Designed to Promote Student Wellness

The District shall strive to create a healthy school environment which promotes healthy eating and physical activity.

The District shall provide a clean, safe, enjoyable meal environment for students, and adequate time for students to enjoy eating healthy foods with friends in schools.

The District shall discourage the use of food as a form of reward or punishment in schools.

**Implementation and Measurement**

All employees of the District are encouraged to be a positive healthy lifestyle role model for students by following, at a minimum, these administrative rules. Students can learn healthy lifestyle habits by observing the food and physical activity patterns of school personnel and other adults who serve as role models in their lives.
